During Blue Sky Days is the best time to build your Emergency Financial First Aid Kit

Having a emergency kit ready to go with food, medical supplies, and your financial information is important!

Be sure your kit includes copies of your Identification i.e. ID card, social security card, birth certificate, and naturalization papers.

Include legal and medical documents such as mortgage/lease agreements, insurance papers, vehicle registration, dental records, list of prescriptions, and disabilities documents.

Write down all passwords and security codes and keep cash in small denominations. After all documents are gathered, save them in a secure place, either electronically or hard copy in a place you can access them.
