Boyle Heights Unified RecoveryCommand Weekly Report #6

July 24, 2026

Reporting Period: July 18, 2026 - July 24, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The resulting rotting food in the warehouse caused putrid odors, rodents, and pests to overwhelm the neighboring community. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued two **Executive Orders** mandating that Lineage and property owners undertake specific measures to ensure public safety.

In accordance with Mayor's Emergency Executive Order No.2, the City of Los Angeles activated a Boyle Heights Unified Recovery Command (BHURC) to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, July 18, 2026 through Friday, July 24, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) remains open at the Costello Recreation Center (3141 E. Olympic). Current and anticipated hours of operation are:

- Monday, Wednesday, & Friday: 10:00 AM - 5:00 PM
- Tuesday & Thursday: 12:00 PM - 7:00 PM
- Saturday & Sunday: CLOSED
- City of Los Angeles Community Investment Department (CID) staff remain at the CRC to connect residents with vital services, including **FamilySource** and **YouthSource** centers.

Boyle Heights Resource Fair

On Saturday, July 18, the City of Los Angeles hosted a community resource fair at the intersection of Union Pacific Ave. and Calzona St. for residents in the areas closest to the impacted facility from 9:00 AM - 3:00 PM. The fair serviced a total number of 706 families and administered multiple resources, including:

Resource Type	Total Number Distributed
Air Purifiers (and filters)	440 (150)
Water (Cases)	90
Baby Formula (Units)	85
Fly Ribbon (Boxes)	195

Resource Type	Total Number Distributed

Adult N95 Masks (Boxes)	12
Child N95 Masks (Boxes)	40
Grocery Gift Cards ($50 value)	500

Metrics provided by the Mayor's Office of Economic Opportunity. Additional metrics can be found in Attachment C.

In addition to these resources, the Los Angeles Department of Water and Power provided information and a service credit to power customers closest to the impacted area. The Recreation and Parks Department also distributed more than 100 pool passes for families to access park pools during the summer months for free. 450 registrants (64%) requested information related to ongoing services related to the following topic areas: family, youth, employment, worker emergency, older adult & senior, and small business. The City of Los Angeles is assessing the need for additional resource fairs with regional partners and stakeholders.

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St.) remains open to the community as a Relief Center from 10:00 AM - 5:00 PM daily, until further notice. From July 24-27, it will have expanded operating hours from 10:00 AM - 9:00 PM and operate as an augmented cooling center.

Mobile Health Clinic Resources and Public Health Information

Community Outreach

The City of Los Angeles Community Investment Department continues to coordinate with partner agency, Baby2Baby, to provide air purifiers, N95 Masks, and gift cards to impacted residents.

The week of July 13, the Los Angeles Department of Public Health (LADPH) canvassed over 650 homes and distributed more than 3,800 masks and approximately 300 air purifiers. LADPH also assessed community needs, odor issues, pest and rodent concerns, and provided health service information to impacted residents.

Due to ongoing resident needs, multiple non-government, community-based, and private organizations are also conducting community outreach through canvassing and door-to-door operations. The City in conjunction with the County, will continue to coordinate with all relevant stakeholders and community outreach teams to streamline canvassing efforts.

The Community Assistance RSF #1 team has also identified the need for additional pet assistance within the impacted area. RSF #1 continues to work with the Emergency Network of Los Angeles and private businesses to provide resources.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

The BHURC received a revised Waste Management Plan on July 15, and agencies provided feedback and clarification on the plan on July 21. Revision of the Waste Management Plan continues. Lineage reports 61% of the burnt roof is removed and the burnt freezer within the facility is expected to be clear of debris by the end of this week.

The Los Angeles Bureau of Sanitation (LASAN) continues to track all provided manifests, regional landfill data, and new waste disposal documentation. According to data provided by Lineage, over 756 waste bins are reported to have been filled, removed, and disposed of within designated landfills from the unburned freezer. 543 waste bins are also reported to have been filled and removed from the burnt freezer.

Deconstruction and Material Removal

The recovery initiative's revision and waste handling strategies continue, with hauling and waste records under agency review. The Waste Management Plan, submitted on July 15, has been reviewed by City and County agencies and is in the process of revision. The Los Angeles Fire Department (LAFD) Certified Unified Program Agency (CUPA) and LASAN continue to maintain a presence at the impacted site to monitor progress. Waste characterization of food and burned materials continues.

Odor Mitigation

The South Coast Air Quality Management District (SCAQMD) continues to issue daily Notices of Violations to Lineage. See the Weekly Enforcement Actions section for the list of Notices. Lineage continues to use misters at the site to mitigate odors resulting from food waste. SCAQMD has reviewed the provided Odor Mitigation Plan, scheduled to be revised by next week.

SCAQMD issued Notices of Violations to Lineage every day this week for odor complaints impacting the surrounding communities and areas (see table below).

Vector Mitigation

The Greater Los Angeles County Vector Control District (GLACVCD) conducted a site visit of the impacted location on July 23, for treatment of mosquitos at four storm drains within the impacted area. The GLACVCD is scheduled to conduct an additional site visit on August 6, for follow-up.

Lineage reported treatment of larvae sites and implementation of additional fly control measures. LASAN continues to contract with a private pest control company to conduct vermin abatement within the incident area.

Water & Wastewater Containment

LA County Department of Public Works (LACDPW) established a July 17 deadline for cleaning the storm drain system extending to the LA River outfall. Ocean Blue commenced on-site drain clean-up operations and LACDPW is coordinating for clean-up of off-site drains.

Traffic Control

An updated Traffic Control Plan is pending submission to the City of Los Angeles. Upon receiving the plan, the Los Angeles Department of Transportation (LADOT) and Los Angeles County Department of Public Works (LADPW) are scheduled to provide revisions to the plan. LADOT traffic officers remain deployed at the impacted site for traffic needs.

The provided Haul Route Plan is undergoing revision. LADPW and LADOT have provided recommendations to current hauling routes to mitigate impacts to residential streets and community members.

Hazardous Waste Monitoring

LAFD CUPA personnel are maintaining active engagement at the site during the waste removal, and the LAFD Joint Hazard Assessment Team (JHAT) is conducting daily spot checks for fire-related hazards.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East First Street, Los Angeles 90033
- Hours of Operation:
  - Monday-Friday: 8:00 AM - 5:00 PM,
  - Saturday: 9:00 AM - 2:00 PM

Canvassing and Business Outreach

CID's Rapid Response Teams continue to conduct canvassing for impacted businesses and workers. As of July 23, Rapid Response Teams have contacted 90 businesses, and provided assistance to 43 individuals. Of the contacted businesses, 13 have reported staff losses or reduced work hours.

The Mayor's Office and Councilmember Jurado's Office are engaged with the Boyle Heights Chamber of Commerce. A meeting is scheduled for August 3 to engage local businesses impacted by the warehouse fire.

Cross-Jurisdictional Coordination

The RSF established channels with County agencies for further coordination. The LA County Department of Economic Opportunity (DEO) is canvassing to evaluate resource effectiveness and address challenges, with plans to resubmit Small Business Administration (SBA) worksheets to unlock Economic Injury Disaster Loans (EIDL) in conjunction with the City. The Emergency Management Department (EMD) and LA County Office of Emergency Management (OEM) will meet with the SBA next week to discuss needs and next steps.

Grants & Financial Assistance

The Community Investment Department distributed 56 grants to local businesses impacted by the warehouse fire. Currently, the CID business recovery fund is exhausted and efforts are underway to identify additional funding for businesses and impacted

residents. In addition, CID, in coordination with Barrio Action and El Centro de Ayuda, has provided over $140,000 economic assistance to 280 households as of July 24.

The Los Angeles Department of Water and Power (LADWP) provided an automatic credit to 219 businesses and households near the warehouse fire. To inquire about additional programs such as payment arrangements, extensions and level pay, LADWP customers are advised to contact 1-800-342-5397 or use the online form on LADWP.com/ContactUs.

Joint Information Center/Information Management

Joint Information Center

A Recovery Joint Information Center (JIC) continues to meet virtually, twice weekly, staffed by public information professionals representing more than a dozen City, County and cross-jurisdictional agencies. Its purpose is to provide timely, accurate, and consistent information and access to resources for impacted community members.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is updated regularly so that impacted residents and business owners can find timely information, locate aggregated community assistance options, and access links to data and resources from private entities as well as governmental agencies.

Non-Digital Communications

The JIC is compiling information from multiple agencies on resources available to residents and businesses of the impacted area through non-digital means (phone info lines, in-person assistance, etc.) to serve as the basis of handouts at community events.
