CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #7

July 31, 2026

Reporting Period: July 25, 2026 - July 31, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

Executive Order No. 3, issued July 31, halts City review of any plans to rebuild the Lineage cold storage facility until a report analyzing the site and its proposed uses is considered by the City. The Order separately requests that the City Council adopt an interim control ordinance establishing a moratorium on large cold storage facilities in close proximity to residential zones and other sensitive uses.

In accordance with Mayor's Emergency Executive Order No.2, the City of Los Angeles activated a Boyle Heights Unified Recovery Command (BHURC) to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, July 25, 2026 through Friday, July 31, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) remains open at the Costello Recreation Center (3141 E. Olympic). Current and anticipated hours of operation are:

- Monday, Wednesday, & Friday: 10:00 AM - 5:00 PM
- Tuesday & Thursday: 12:00 PM - 7:00 PM
- Saturday & Sunday: CLOSED
- City of Los Angeles Community Investment Department (CID) staff remain at the CRC to connect residents with vital services, including **FamilySource** and **YouthSource** centers.

Community Resource Center Intake		
Date	# of Households Served	Cumulative # of Households Served to Date
7/31/26	130	5186
7/30/2026	108	5056
7/29/2026	149	4948
7/28/2026	129	4799
7/27/2026	209	4670
7/24/2026	124	4461
7/23/2026	126	4337
7/22/2026	120	4211

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St.) remains open to the community as a Relief Center and Augmented Cooling Center from 10:00 AM - 9:00 PM starting Friday July 31, through Sunday, August 2. Augmented cooling center hours may be subject to change starting Monday, August 3, as the City assesses the needs of the community based on weather conditions.

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Friday, July 31	10:00AM - TBD	St. John's Mobile Clinic	InnerCity Struggle | 3467 Whittier Blvd, Los Angeles,CA 90023
Saturday, August 1	3:30PM - 8:00PM	St. John's Mobile Clinic	CD 14 Back to School Event- Eagle Rock Recreation Center- 1100 Eagle Vista Dr. (cross street - N. Figueroa St.)
Monday, August 3	10:00AM - 6:00PM	St. John's Mobile Clinic	Robert Louis Stevenson Library | 803 Spence St., Los Angeles, CA 90023
Tuesday, August 4	12:00PM - 7:00PM	St. John's Mobile Clinic	Robert Louis Stevenson Library | 803 Spence St., Los Angeles, CA 90023
Wednesday, August 5	10:00AM - 6:00PM	St. John's Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Thursday, August 6	12:00PM - 7:00PM	St. John's Mobile Clinic	Robert Louis Stevenson Library | 803 Spence St., Los Angeles, CA 90023
Friday, August 7	10:00AM - Until capacity is met	St. John's Mobile Clinic	InnerCity Struggle | 3467 Whittier Blvd, Los Angeles,CA 90023

The Department of Public Health Office of Environmental Justice and Climate Health operates a nurse-staffed Community Health Complaint Line at (626) 430-9821 to track environmental health concerns. As of this report, 35 total calls were received, 22 of which reported health issues. Mobile health clinic screening information is consistent with reports of visitors experiencing similar health issues and symptoms. Efforts are currently underway to provide additional mental and behavioral health resources, including mental health/ trauma in-person group therapy sessions for impacted Boyle Heights residents.

Community Outreach

Council District 14 (CD14) has engaged in community outreach through weekly stakeholder meetings held each Monday since July 6 in collaboration with local community leaders to share updates and gather feedback. Building on these efforts, a second initiative was launched on July 20 through specialized working groups focused on long-term policy, legislative action, resource needs, and service gap identification. This initiative brings together key institutional partners, including Los Angeles County Supervisor Hilda Solis' Office, Los Angeles Unified School District, City of Los Angeles Emergency Management Department, and Los Angeles County Department of Public Health. These groups focus on identifying recovery assistance, service gaps for residents and small businesses, eligibility criteria, and ways to improve aid delivery. The scheduled stakeholder session on Monday, August 3, will address the future organization and long-term direction of these meetings and associated working groups.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage reports 63.4% of debris waste has been removed from the site. The burnt freezer within the facility is reported to be clear of food waste and has entered the gross decontamination phase.

City personnel conducted a site walkthrough and inspection of the facility on July 30. The Los Angeles Bureau of Sanitation (LASAN) continues to track all provided manifests, regional landfill data, and new waste disposal documentation.

Deconstruction and Material Removal

Waste characterization and waste handling strategies continue, with hauling and waste records under agency review. The Los Angeles Fire Department's Certified Unified Program Agency (LAFD CUPA) and LASAN continue to maintain a presence at the impacted site to monitor progress. Receiving facilities have extended weekend hours to allow Lineage hauling operations to continue.

Odor Mitigation

Operations continue to support odor mitigation at the site. During this process, the South Coast Air Quality Management District (SCAQMD) is providing oversight regarding odor mitigation and control during the deconstruction of the demising wall. Odor suppression systems continue around the perimeter of the building with misters, applying deodorizer to waste, and commercial carbon filters. Storm wrapping is being conducted along the demising wall to isolate the unburnt freezer work area and existing carbon filtration systems are being used for odor mitigation. SCAQMD has provided feedback on the Community Air Monitoring Plan (CAMP).

The South Coast Air Quality Management District (SCAQMD) continues to issue daily Notices of Violations to Lineage. See *Attachment C: Enforcement Actions* for a list of total notices issued. SCAQMD Hearing Board is holding an in-person and remote public hearing regarding Lineage Logistics on August 5, 2026 to consider proposed conditions and an abatement order to reduce severe spoilage odors.

Vector Mitigation

The Greater Los Angeles County Vector Control District (GLACVCD) conducted a site visit of the impacted location on July 23, for treatment of mosquitos at four storm drains within the impacted area. The GLACVCD is scheduled to conduct an additional site visit on August 6.

The Los Angeles Bureau of Sanitation (LASAN) continues to contract with a private pest control company to conduct vermin abatement in the community surrounding the incident site. LASAN continues to coordinate with LACDPH on vector control. The City expects to receive a Vector Control Plan next week for review.

Water & Wastewater Containment

The Los Angeles Bureau of Sanitation (LASAN) and the Los Angeles County Department of Public Works (LADPW) are overseeing clean-up efforts of impacted storm drains. The Los Angeles Regional Water Quality Control Board (LARWQCB) continues to monitor implemented revisions for water and water sampling. LASAN and LADPW are monitoring for any water runoff from the site to the Los Angeles River and continue to work with LACDPH for any impacts.

Traffic Control

The City of Los Angeles has received a revised Traffic Control Plan which has been reviewed and approved by the Los Angeles Department of Transportation (LADOT). LADOT traffic officers deployed to conduct traffic control are now in the process of being demobilized and are preparing to transition to private traffic control staff, provided by Lineage.

LADPW and LADOT have provided recommendations to current haul routes to mitigate impacts to residential streets and community members. The City has not received updated haul routes as of this reporting period.

Hazardous Waste Monitoring

LAFD Certified Unified Program Agency (CUPA) personnel are maintaining active engagement at the site during the waste removal process. Additionally, LAFD is conducting daily spot checks for fire-related hazards.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East First Street, Los Angeles 90033
- Hours of Operation:
  - Monday-Friday: 8:00 AM - 5:00 PM,
  - Saturday: 9:00 AM - 2:00 PM

RSF Coordination

To accelerate economic recovery within the Boyle Heights area, the City is actively developing strategic recommendations and guidance tailored to address business concerns. The Los Angeles County Department of Public Health is also developing operational guidelines for businesses within the impacted area experiencing increased levels of vermin and vectors.

Business Outreach

The CID Rapid Response unit is conducting daily virtual and weekly in-person orientations at Lou Costello Recreation Park beginning June 29, 2026. These sessions, supported by the California Employment Development Department (EDD) and Boyle Heights WorkSource Center (WSC), have served 58 individuals to date.

The Mayor's Office and Councilmember Jurado's Office remain in coordination with the Boyle Heights Chamber of Commerce, with convenings scheduled for August 3, to engage local businesses impacted by the warehouse fire.

SBA Disaster Loans

The Emergency Management Department (EMD), LA County Office of Emergency Management (OEM), and LA County Department of Economic Development (DEO) have submitted Economic Injury Disaster Loans (EIDL) worksheets to initiate the Small Business Administration's (SBA) EIDL program. If the EIDL worksheets are accepted and approved, the program may reach the threshold for activation.

The SBA Economic Injury Disaster Loan (EIDL) program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Loans feature interest rates capped at 4%, terms of up to 30 years, and a 12-month payment deferment period with no interest accrual. Regulated EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments.

Business Grants

The Boyle Heights Business Recovery Fund has provided $100,000 from the California Community Foundation to assist 58 financially impacted businesses. Grants were distributed via three local BusinessSource Centers including:

- New Economics for Women (NEW)
    - 39 businesses served
    - $57,000 distributed
- Pacific Asian Consortium in Employment (PACE LA)
    - 10 businesses served
    - $24,000 distributed
- Coalition for Responsible Community Development (CRCD)
    - 9 businesses served
    - $19,000 distributed

The City of Los Angeles Community Investment Department and the Los Angeles County Department of Economic Opportunity (DEO) have secured additional funding from the California Employment Development Department (EDD) to assist businesses and individuals impacted by the fire. Of the funding received, a portion has been allocated to the Boyle Heights WorkSource Center to provide resources to individuals, businesses, and workers within the community.

The Los Angeles Department of Water and Power (LADWP) provided automatic credits to 219 businesses and households near the warehouse fire. To inquire about additional programs such as payment arrangements, extensions and level pay, LADWP customers are advised to contact 1-800-342-5397 or use the online form on LADWP.com/ContactUs.

Joint Information Center/Information Management

Joint Information Center

A Recovery Joint Information Center (JIC) continues to meet virtually, twice weekly, staffed by public information professionals representing more than a dozen City, County and other external entities. Its purpose is to provide timely, accurate, and consistent information and access to resources for impacted community members.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is updated regularly with timely information, aggregate community assistance options, and links to data and resources by private entities and governmental agencies.

The website also serves as a repository for bilingual response and recovery agency resource flyers and outreach event announcements, available for download and sharing as needed.

A WhatsApp channel, created by the Mayor's Office of Communications, has been established to provide regular updates on resources and the ongoing recovery efforts. Residents may sign up for the Boyle Heights Whatsapp Channel by accessing the QR code on the City's website or by going to https://bit.ly/BoyleHeightsUpdates.

Non-Digital Communications

The JIC continues compiling information from multiple agencies on resources available to residents and businesses of the impacted area through non-digital means (phone info lines, in-person assistance, etc.) for use in handouts at community events.

Current Phone Lines

- Lineage Bilingual Support - (866) 317-1115
- SoCal Gas - (877) 238-0092
