CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #9

August 14, 2026

Reporting Period: August 8, 2026 - August 14, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

In accordance with the Mayor's Emergency Executive Order No.2, the City of Los Angeles Boyle Heights Unified Recovery Command (BHURC) is operating to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, August 8, 2026 through Friday, August 14, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) remains open at the Costello Recreation Center (3141 E. Olympic Blvd, Los Angeles, CA 90023) through this week. Current hours of operation are:

- Monday & Friday: 10:00 AM - 2:00 PM
- Wednesday: 2:00 PM - 7:00 PM
- Tuesday, Thursday, Saturday, & Sunday: CLOSED

The CRC will be relocated starting next week, and the new location is still being determined at this time.

Community Resource Center Intake		
Date	**# of Households Served**	**Cumulative # of Households Served to Date**
8/14/2026	14	5356
8/12/2026	21	5342
8/10/2026	3	5321

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St., Los Angeles, CA 90023) continues to remain open to the community as a Relief Center from 10:00 AM - 5:00 PM daily.

Boyle Heights Back-To-School and Resource Fair

On Saturday, August 8, the City of Los Angeles hosted a back-to-school and community resource fair at Hollenbeck Park, (415 S. St. Louis St., Los Angeles, CA 90023) for residents from 6:00 PM - 9:00 PM. The fair supported an estimated total of 500 families and distributed multiple resources.

Resource Type	Total Number Distributed
Air Purifiers	400
Grocery Gift Cards	250
Grocery Boxes	100
Grocery Bags	100

Resource Type	Total Number Distributed
Boxed Lunch	100
Backpacks	1000
Socks	500

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Monday, August 17	9:00 AM - 3:00 PM	Kaiser Permanente	Boyle Heights City Hall- 2130 1st St, Los Angeles, CA 90033
Monday, August 17	10:00 AM - 2:00 PM	AltaMed Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Tuesday, August 18	8:00 AM - 3:30 PM	St. John's Mobile Clinic	LAUSD - Stevenson Middle School - **Students Only**
Wednesday, August 19	10:00 AM - 2:00 PM	Via Care Community Health Center - Behavioral	Boyle Heights Senior Citizen Center - 2839 E. 3rd St. Los Angeles, CA 90023
Thursday August 20	8:00 - 3:30 PM	St. John's Mobile Clinic	LAUSD- Stevenson Middle School - **Students Only**
Friday August 21	12:30 PM- 5:30 PM	St. John's Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Total # of Mobile Clinics Deployed to Date:			**63**

The LA County Department of Public Health (LACDPH) continues to operate a **Community Health Complaint Line at 626-430-9821** to track environmental health concerns and trends. The hotline is staffed by Public Health nurses who can assess symptoms and connect residents with medical providers, as needed. LACDPH continues to assess ongoing resident needs and is also continuing its door-to-door community engagement canvassing campaign to ensure that commitments for resources (i.e. air purifiers, monetary support, air conditioners) from Lineage are being fulfilled. Door-knocking efforts were conducted to 118 homes on Thursday, August 13th from 4:00 PM to 7:00 PM along Alma, Hicks, Dittman, and Townsend streets and 26 contacts were made. Air purifiers remain the most requested item by the impacted community, with distribution continuing at the Community Resource Center.

Community Outreach

Mayor Karen Bass hosted a recovery community webinar on Thursday, August 13, 2026, at 6:00 PM. Webinar topics included compliance, enforcement, monitoring, outreach, and hotline resources. Accessibility was a key focus, and the webinar featured Spanish/English presentations, sign-language interpretation, and bilingual Zoom Q&A support. Key speakers included Mayor Bass, other representatives from her Office, the Community Investment Department, and the Emergency Management Department for the City. Speakers from Los Angeles County included a representative from Los Angeles County Supervisor Hilda L. Solis's office, the Department of Public Health, and the Department of Economic Opportunity. The public was invited to watch the webinar at the CRC and 54 members of the community were present.

School Reopenings

The LAUSD Office of Environmental Health and Safety, conducted comprehensive surface dust, soil, air, and water sampling across local neighborhood schools. Ongoing monitoring and laboratory test results indicate that the environment is safe and does not pose a health hazard, allowing schools to proceed with their scheduled reopenings. LAUSD hosted a Parent Meeting Webinar Presentation on Monday, August 10, to provide parents with information and findings related to school impacts. To ensure ongoing safety, precautionary remediation measures including air filter replacements, surface disinfection, and water quality checks are actively being implemented. Detailed updates, school status reports, and resources are available on the LAUSD Portal, with a full report published on the LAUSD Region East website.

Community Pet Assistance

Community canvassers identified a need and secured assistance for families with pets. The following organizations are providing resources for pets experiencing health issues related to the warehouse - Housing Equity & Advocacy Resource Team (HEART), the Downtown Dog Rescue, and the Annenberg PetSpace are jointly coordinating assistance for Boyle Heights residents to access veterinary services. Residents requiring assistance for their pets can complete the pet wellness referral request form. Additionally, the LA Animal Services North Central Animal Shelter's food pantry program is available to supply pet food to impacted households.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage reports 93% of food waste has been removed from the site. The burnt freezer within the facility is reported to be cleaned and gross decontamination is complete. Operations on the unburnt freezer continue and Lineage reports estimated bulk food removal status as 87.4% complete.

City departments and agencies completed review of Lineage's updated Waste Management Plan version 1.3, and comments have been submitted to Lineage. The Los Angeles Fire Department's Certified Unified Program Agency (LAFD CUPA) along with the Los Angeles Bureau of Sanitation (LASAN) continue to record and review waste characterization and waste handling strategies. LASAN and LAFD CUPA continue regular site visits to monitor waste removal.

Receiving landfill facilities continue to extend operation hours into the weekend allowing Lineage to continue removal of debris daily. Hauling operations continue to operate to remove food waste and debris.

Odor Mitigation

The South Coast Air Quality Management District (SCAQMD) is reviewing a permit for the existing 1 million gallon captured water tank currently in use at the impacted site. Last week's SCAQMD hearing board approved an enforceable Order of Abatement on August 6th ordering Lineage to engage in delineated activities to remove food waste, reduce odors, and maintain safe air quality. SCAQMD is monitoring compliance.

Also, SCAQMD continues to support mitigation measures in the impacted area and continues its issuance of daily Notices of Violations to Lineage. See *Attachment C: Enforcement Actions* for a list of total notices issued.

Lineage is expected to submit an updated Community Air Monitoring Plan (CAMP) by the end of today including changes as required by the Order of Abatement. City departments and agencies will review when submitted.

Vector Mitigation

Los Angeles County Department of Public Health (LACDPH) is currently reviewing Lineage's most recent response received on August 11th, addressing LACDPH's request for follow-up to their original June 29th Directive.

Despite repeated requests by City departments to Lineage for current locations of vermin traps placed by Lineage's vector control contractor, Orkin, to better assess coordinated vector control efforts, Lineage has not provided the information on vermin trap locations as of Friday, August 14th. The LA Department of Sanitation continues to implement a contracted service provider for vector abatement efforts.

Water & Wastewater Containment

Cleanup operations for municipal storm drains have concluded. Re-sampling is needed for the County storm drain system due to several missed data points in previous collections. While partial results were provided, further testing for additional data is required. No wastewater or storage tank discharges have occurred during this reporting period. No outflows were reported for this past week. Currently, Lineage's on-site captured water tank contains 260,000 gallons.

Traffic Control

Traffic control continues to be coordinated and controlled by Lineage's contractor. The Los Angeles Department of Transportation (LADOT) and Los Angeles Police Department (LAPD) continue to monitor the contractor for traffic issues as reported by businesses and residents.

Hazardous Waste Monitoring

LAFD CUPA conducts site visits to review and monitor hazardous materials and hazardous waste removal activities.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East First Street, Los Angeles 90033
- Hours of Operation:
    - Monday-Friday: 8:00 AM - 5:00 PM,
    - Saturday: 9:00 AM - 2:00 PM

SBA Disaster Loans

On Friday, August 7th, the California Governor's Office of Emergency Services (Cal OES) confirmed that Los Angeles County and City have met the minimum requirements to formally request the Small Business Administration's (SBA) Economic Injury Disaster Loan (EIDL).

To support affected businesses in the Boyle Heights community, the Small Business Administration (SBA) expects to officially announce the availability of the Economic Injury Disaster Loan (EIDL) program within the next few days.

The EIDL program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Loans feature interest rates capped at 4%, terms of up to 30 years, and a 12-month payment deferment period with no interest accrual. Regulated EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments.

Upon availability of the EIDL program, the Boyle Heights Business Source Center will serve as the SBA's Business Resource Center to assist business owners who were impacted by the Warehouse fire in Boyle Heights. The SBA customer service representatives are available to meet individually with business owners and nonprofits to answer questions and assist with the disaster loan application process. Center operations hours are expected to be announced next week.

Joint Information Center/Information Management

Joint Information Center

A Recovery Joint Information Center (JIC) continues to meet twice weekly, staffed by public information professionals now representing nearly 20 City, County and other external agencies. Its primary purpose continues to be providing timely and accurate information and access to resources for the impacted community.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is being updated regularly as events are scheduled and resources are secured. It provides a growing number of links to data and resources provided by private entities and governmental agencies.

Since the last report, additional options that allow residents and businesses to receive text updates and Whatsapp messages to their phones have been made more prominent on the website, alongside links to details of future in-person events and recovery resources available.

Non-Digital Communications

The MyLA311 platform remains a critical avenue for providing multilingual information regarding assistance programs.

311 operators have handled nearly 1,400 incoming calls for assistance during the past eight weeks since the warehouse fire. About 200 of the calls received were referred to LA County, including referrals to social service and public health agencies. Nearly 900 incoming calls dealt with requests for air purifiers and/or filters; many callers required assistance filling out online request forms.

Current Phone Lines

- Lineage Bilingual Support - (866) 317-1115
- Los Angeles City Services - 3-1-1; (213) 473-3231
