CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #8

August 7, 2026

Reporting Period: August 1, 2026 - August 7, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

In accordance with Mayor's Emergency Executive Order No.2, the City of Los Angeles Boyle Heights Unified Recovery Command (BHURC) is operating to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, August 1, 2026 through Friday, August 7, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) remains open at the Costello Recreation Center (3141 E. Olympic). Current hours of operation are:

- Monday, Wednesday, & Friday: 10:00 AM - 5:00 PM
- Tuesday & Thursday: 12:00 PM - 7:00 PM
- Saturday, & Sunday: CLOSED

Beginning August 10th, the CRC's new hours of operations will be as follows:

- Monday & Friday: 10:00 AM - 2:00 PM
- Wednesday: 2:00 PM - 7:00 PM
- Tuesday, Thursday, Saturday, & Sunday: CLOSED

Community Resource Center Intake		
Date	# of Households Served	Cumulative # of Households Served to Date
8/7/2026	23	5188
8/6/2026	14	5165
8/5/2026	35	5151
8/4/2026	30	5116
8/3/2026	30	5086
7/30/2026	108	5056
7/29/2026	149	4948

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St.) remains open to the community as a Relief Center from 10:00 AM - 5:00 PM daily, until further notice.

Boyle Heights Back-To-School and Resource Fair

On Saturday, August 8, the City of Los Angeles will host a back-to-school and community resource fair at Hollenbeck Park, (415 S. St. Louis St) for residents from 6:00 PM - 9:00 PM. The fair will feature resources such as:

- Backpacks and school supplies
- Medical clinic services (St. John's)
- Grocery gift cards
- Air purifiers

Multiple city departments and community partner agencies will also be present to provide additional resources and information.

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Saturday, August 8	3:30 PM - 8:00 PM	St. John's Mobile Clinic	CD 14 Back to School Event- Hollenbeck Park- 415 S. Saint Louis St./E. 4th St. Los Angeles, CA 90033
Tuesday, August 11	12:00 PM - 7:00 PM	St. John's Mobile Clinic	Robert Louis Stevenson Library | 803 Spence St., Los Angeles, CA 90023
Wednesday, August 12	9:00 AM - 3:00 PM	Kaiser Permanente	Boyle Heights City Hall | 2130 1st St, Los Angeles, CA 90033
Wednesday, August 12	12:00 PM - 4:00 PM	AltaMed Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Thursday, August 13	12:00 PM - 4:00 PM	AltaMed Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Friday, August 14	12:30 PM - 5:30 PM	St. John's Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Total # of Mobile Clinics Deployed to Date:			**56**

The Department of Public Health (LACDPH) continues to operate a Community Health Complaint Line at 626-430-9821 to track environmental health concerns and trends. The hotline is staffed by Public Health nurses who can assess symptoms and connect residents with medical providers, as needed. LACDPH also deployed teams from 4:00PM - 7:00 PM on August 5th for targeted door-to-door canvassing near Lineage to ensure residents are receiving information and available resources. Out of the 150 targeted households, outreach efforts made 34 contacts. Public Health continues to maintain on-site staffing at Salazar Park and Costello Recreation Center.

Community Outreach

The Los Angeles Unified School District (LAUSD) schools in the Boyle Heights area are on schedule to start school on August 12th. A contingency plan is in place for school leadership if environmental odors persist and LAUSD's Office of Emergency, Environmental Health & Safety updated its Boyle Heights Response Page. LAUSD will host a parent webinar on school reopening preparedness on Monday August 10, 2026 at 6:00 PM, covering facility safety testing and communication plans. Mayor Karen Bass' office also plans to launch weekly bilingual (English/Spanish) webinars covering public health, small business/residential resources, and cleanup status for Boyle Heights residents and businesses impacted by the Lineage fire.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage reports 85% of food waste has been removed from the site. The burnt freezer within the facility is reported to be clear of food waste and undergoing gross decontamination that is nearly complete. The Los Angeles Bureau of Sanitation (LASAN) continues to track all manifests, regional landfill data, and new waste disposal documentation. Lineage also uploaded an updated Waste Management Plan version 1.3 on their website. Waste characterization and waste handling strategies have been recorded and continue to be reviewed by the Los Angeles Fire Department's Certified Unified Program Agency (LAFD CUPA) and LASAN. Both LAFD CUPA and LASAN continue to have a presence at the site location to monitor waste removal.

Hauling routes have also been posted to Lineage's web page for public viewing. Recipient landfill facilities continue to extend weekend hours allowing Lineage to expedite debris removal.

Odor Mitigation

The South Coast Air Quality Management District (SCAQMD) public hearing to consider issuance of an abatement order against Lineage occurred on August 5th and 6th with public comment. The hearing board approved and issued an enforceable Order of Abatement on August 6th requiring Lineage to take actions to reduce odors.

Lineage completed the installation of storm wrapping material on the wall of the loading dock situated at the south end of the burnt freezer. The order of abatement measures further include the extraction of a minimum of 8.8 million pounds of organic waste weekly, the deployment of comprehensive public notifications and signage, and the establishment of augmented fenceline monitoring systems. Lineage is expected to provide an updated Community Air Monitoring Plan (CAMP) Version 5 by next week.

SCAQMD continues to support mitigation measures in the impacted area and continues its issuance of daily Notices of Violations to Lineage. See *Attachment C: Enforcement Actions* for a list of total notices issued.

Vector Mitigation

Lineage issued a letter on August 1st, responding to the LACDPH Directive to develop a community exposure mitigation plan, which was issued on July 29th. On August 6th, LACDPH responded to Lineage's reply requesting further action and specific details including a Community Vector Control Plan.

LASAN continues to contract with a pest control company to maintain fly and rodent traps in addition to conducting specialized cleaning operations in the surrounding neighborhood. The City continues to request specific locations of rat traps placed by Orkin in future reporting by Lineage.

The Greater Los Angeles County Vector Control District (GLACVCD) performed a site inspection of Lineage's one-million gallon water tank on August 6th, noting openings at the vent and upper sections of the water tank. Lineage personnel are to secure and seal these openings to reduce potential mosquito breeding hazards.

Water & Wastewater Containment

Lineage finished cleaning impacted City storm drains and completed capturing video footage of the drainage system, which will be reviewed by LASAN. County assets continue to be cleaned and water sampling results at the manhole and outflow are expected on Monday, August 10th. LASAN and Los Angeles County Public Works continue to oversee clean-up efforts of impacted storm drains. Lineage's captured water tank currently maintains over 700,000 gallons of capacity and no water releases are expected this week.

Traffic Control

In accordance with the accepted Traffic Control Plan, the Los Angeles Department of Transportation (LADOT) has now demobilized all traffic officers at the site and transitioned responsibility to Lineage's private traffic control personnel. LADOT continues to monitor the private contractor and area for any impacts to residents and businesses.

Hazardous Waste Monitoring

LAFD CUPA personnel maintain active engagement at the site during the waste removal process to review and monitor ongoing hazardous materials and hazardous waste removal.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East First Street, Los Angeles 90033
- Hours of Operation:
  - Monday-Friday: 8:00 AM - 5:00 PM,
  - Saturday: 9:00 AM - 2:00 PM

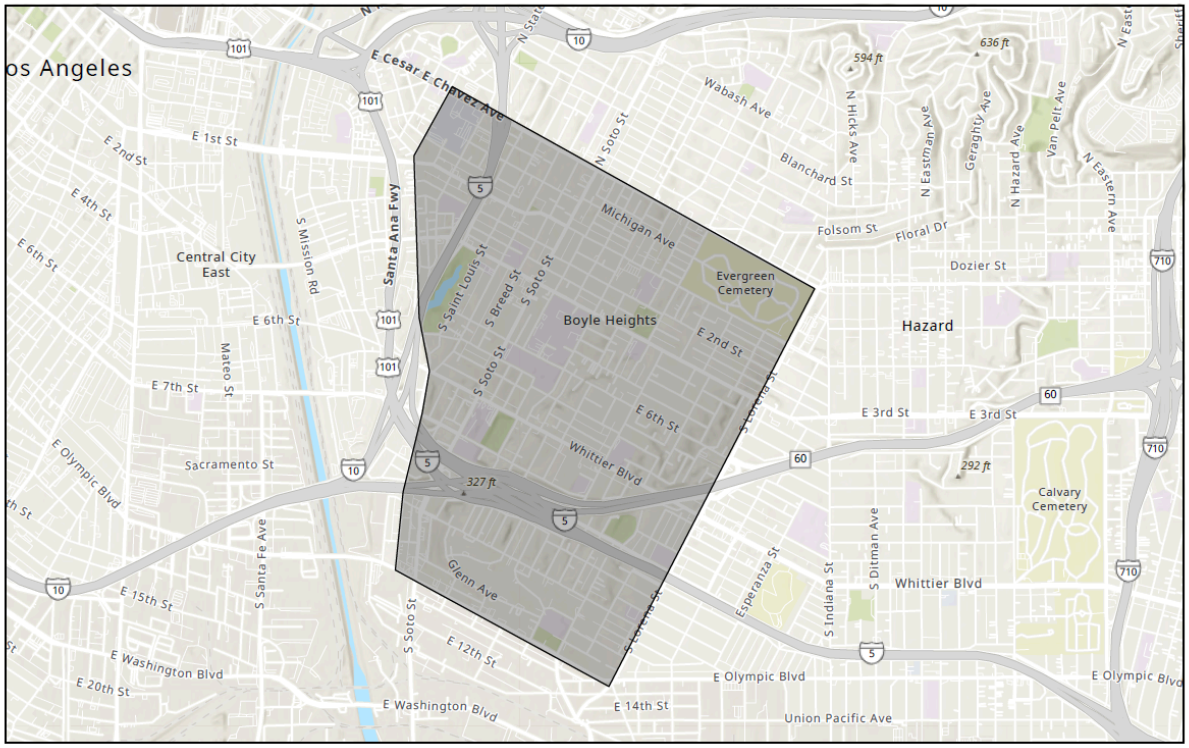
Business Outreach

The CID Rapid Response unit is conducting daily virtual and weekly in-person orientations at Lou Costello Recreation Park beginning June 29, 2026. These sessions, supported by the California Employment Development Department (EDD) and Boyle Heights WorkSource Center (WSC) will occur on Mondays and Wednesdays at the Community Resource Center.

Business Support

At the request of local businesses, the RSF collaborated to implement relaxed parking enforcement within a designated area of Boyle Heights to reduce challenges for customers attempting to patronize impacted businesses. Relaxed parking enforcement is now established within the boundaries of Cesar Chavez Ave. on the north, Boyle Ave. on the west, Olympic Blvd. on the south, and Lorena St. on the east.

Under this authorization, enforcement of metered parking and time-limited street restrictions remains suspended daily from 9:00 AM to 6:00 PM. Impacted businesses and patrons may utilize these spaces without risk of citation; however, this relaxation does not extend to red zones or the obstruction of fire hydrants.



Philanthropic Coordination

Inclusive Action for the City reports successfully securing nearly $750,000 in capital to date, though a fundraising deficit of approximately $385,000 persists. The organization has processed in excess of 400 applications submitted by street vendors and small businesses located within the Boyle Heights area. Currently, approximately 160 grant awards have been disbursed to eligible applicants throughout the community.

SBA Disaster Loans

The Emergency Management Department (EMD), LA County Office of Emergency Management (OEM), and LA County Department of Economic Development (DEO) submitted Economic Injury Disaster Loans (EIDL) worksheets to initiate the Small Business Administration's (SBA) EIDL program. On Friday, August 7th, the California Governor's Office of Emergency Services (Cal OES) confirmed that Los Angeles County and City have met the minimum requirements to formally request the SBA EIDL program be activated.

The EIDL program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Loans feature interest rates capped at 4%, terms of up to 30 years, and a 12-month payment deferment period with no interest accrual. Regulated EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments.

Business Grants

Boyle Heights elected officials continue to lobby the State of California to support a relief fund for impacted small businesses and street vendors in the immediate vicinity of the incident. Collaborative efforts are underway to coordinate approximately $2 million in supplemental EDD resources dedicated to workforce training and hiring support for displaced personnel.

The Los Angeles Department of Water and Power (LADWP) provided an automatic credit to 219 businesses and households near the warehouse fire. To inquire about additional programs such as payment arrangements, extensions and level pay, LADWP customers are advised to contact 1-800-342-5397 or use the online form on LADWP.com/ContactUs.

Joint Information Center/Information Management

Joint Information Center

A Recovery Joint Information Center (JIC) continues to meet twice weekly, staffed by public information professionals representing City, County and other external agencies. Its purpose is to provide timely, accurate, and consistent information and access to resources for impacted community members and business owners.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is updated regularly with timely information, aggregate community assistance options, and links to data and resources by private entities and governmental agencies.

Throughout the week, hyperlinks were also provided for pertinent recovery events and resources, including access to the SCAQMD Board Hearing, instructions for submitting public comments via Zoom, and the final Order of Abatement.

The website maintains its function as a repository for bilingual resource flyers, as well as for the promotion of outreach events, which remain available for download and dissemination.

Non-Digital Communications

The MyLA311 platform remains a vital mechanism for providing multilingual information regarding resident assistance programs. Operators utilize data from the recovery website as well as disseminated outreach materials available via the portal.

Current Phone Lines
