CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #10

August 21, 2026

Reporting Period: August 15, 2026 - August 21, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

In accordance with the Mayor's Emergency Executive Order No.2, the City of Los Angeles Boyle Heights Unified Recovery Command (BHURC) is operating to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, August 15, 2026 through Friday, August 21, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) **relocated to Boyle Heights City Hall** (2130 1st St. Los Angeles, CA 90033) effective Wednesday, August 19th. Current hours of operations are:

- Monday, August 24th: 2:00 PM - 7:00 PM
- Wednesday, August 26th: 11:30 AM - 3:00 PM
- Friday, August 28th: 11:30 AM - 3:00 PM
- Tuesday, Thursday, Saturday, & Sunday: CLOSED

Community Resource Center Intake		
Date	**# of Households Served**	**Cumulative # of Households Served to Date**
8/21/2026	5	5260
8/19/2026	6	5255
8/17/2026	8	5249

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St., Los Angeles, CA 90023) continues to remain open to the community as a Relief Center from 10:00 AM - 5:00 PM daily.

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Tuesday, August 25	12:00 PM - 4:00 PM	AltaMed Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Wednesday, August 26	10:00 AM - 4:00 PM	St. John's Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Thursday, August 27	12:00 PM - 4:00 PM	AltaMed Mobile Clinic	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Friday, August 28	9:00 AM - 4:00 PM	Comprehensive Community Health Centers	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Total # of Mobile Clinics Deployed to Date:			**69**

The LA County Department of Public Health (LACDPH) continues to operate a Community Health Complaint Line at 626-430-9821 to track environmental health concerns and trends. The hotline is staffed by Public Health nurses who can assess symptoms and connect residents with medical providers, as needed. LACDPH also continues to assess ongoing resident needs and is continuing its door-to-door community engagement canvassing campaign to ensure that commitments for resources (e.g., air purifiers, monetary support, air conditioners) from Lineage are being fulfilled.

Community Outreach

Council District 14 (CD14) held its bi-weekly community outreach stakeholder meeting on Monday, August 17th, in collaboration with local community leaders and key institutional partners, including Los Angeles County Supervisor Hilda Solis' Office, Los Angeles Unified School District, City of Los Angeles Emergency Management Department, and Los Angeles County Department of Public Health. Community members voiced strong concerns that temporary measures like air purifiers are insufficient to address long-term health risks, including chronic respiratory and allergy issues. Residents emphasized the urgent need for extended health monitoring and expanded healthcare access for undocumented populations.

School Reopenings

The Los Angeles Unified School District (LAUSD) has fully reopened schools in the vicinity of the recent warehouse fire. To ensure student safety, air conditioning systems are operating, and air filters were replaced twice prior to students returning. KN95 and protective masks have been distributed across school sites, and a mobile health clinic was deployed to Stevenson Middle School on August 20th to support community wellness needs. Outdoor activities remain unrestricted as odor levels during lunch and recess periods remain low.

The LAUSD Office of Environmental Health and Safety conducted comprehensive surface dust, soil, air, and water sampling across local neighborhood schools. Testing detected low-level lead in non-student areas near Christopher Dena Elementary and City Terrace Elementary; however, district assessments indicate these readings are unrelated to the warehouse fire. The affected areas have been fenced off while maintenance staff execute soil remediation measures. Full sampling data is publicly accessible via the LAUSD Office of Environmental Health & Safety site.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage reports that 101.8% of the estimated food waste volume has been removed from the site, measured against Lineage's pre-removal estimate. Lineage/Clean Harbors staff will conduct a walkthrough of the facility shift during the night shift on August 21, 2026 and an estimate of remaining food waste will be provided to South Coast Air Quality Management District (SCAQMD). Once food waste is completely removed from Freezer 1, the final phase of gross decontamination will commence.

Hauling operations, including prep work for decontamination efforts, continue on a 24-hour schedule Monday through Friday and from 6:00 AM to 6:00 PM on weekends.

Odor Mitigation/Air Quality

The revised Community Air Monitoring Plan (CAMP), Version 5, prepared by Onterris, was transmitted to Lineage, SCAQMD, and LACDPH. Lineage notified SCAQMD that, due to temperatures within the warehouse facility reaching a heat index of 105 degrees, an additional opening in the containment wrap was created to facilitate building ventilation. A smoke test to confirm that the building is maintaining negative pressure and odors are not migrating to nearby neighborhoods was conducted on August 21, 2026 to assess impacts of this change.

Furthermore, SCAQMD advised Lineage to notify the local community regarding the potential for increased odors resulting from pressure washing activities once gross decontamination begins.

SCAQMD continues to monitor daily for compliance with its Order of Abatement for Lineage to reduce odors. SCAQMD continues to support mitigation measures in the impacted area and continues to issue Notices of Violations to Lineage. See *Attachment C: Enforcement Actions* for the enforcement actions issued to date.

Vector Mitigation

LACDPH continues to issue citations to Lineage for fly breeding conditions and continues to monitor the ongoing conditions and impacted areas. LACDPH requested that Lineage's vector plan be updated to include locations and increased numbers of fly mitigation measures being implemented in the community.The City of Los Angeles

---

**Lineage reported that the additional percentage surpassing 100% is due to added water weight from fire response and slurry used to collect waste, which inflates weight calculations for removed food waste and therefore, causes minor discrepancy when comparing to original weight of stored food capacity.*

Department of Sanitation (LASAN) continues to utilize a contracted service provider for vector abatement efforts.

Water & Wastewater Containment

Cleanup operations for both City and County storm drain infrastructure are now complete. The Los Angeles Regional Water Quality Control Board (RWQCB) received CCTV footage of storm drain clean-up operations and water sample reports from Lineage, and will continue to monitor additional sampling efforts as necessary.

Discharge of Lineage's captured water tank continued throughout August 21, 2026. As of 9:00 AM that day, Lineage reported that 220,000 gallons had been discharged and that approximately 300,000 gallons remained. The Greater Los Angeles County Vector Control District continues to monitor the tank for mosquito mitigation, and SCAQMD continues to monitor the water tank for odors.

Traffic Control

The City of Los Angeles Emergency Management Department (EMD) and Los Angeles Department of Transportation (LADOT) requested that Lineage continue to monitor traffic issues that could impact residents and businesses, as reports of impacts in the community are still being received. Lineage advised that it directed its trucking contractors to remind their staff to be aware of where vehicles park, idle and drive. Traffic control continues to be coordinated and controlled by Lineage's contractor. City agencies and LADOT will continue to monitor for additional issues.

Hazardous Waste Monitoring

LAFD Certified Unified Program Agency (CUPA) continues to conduct site visits to observe and monitor hazardous materials and hazardous waste removal activities..

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East 1st Street, Los Angeles 90033
- Hours of Operation:
    - Monday-Friday: 8:00 AM - 5:00 PM,
    - Saturday: 9:00 AM - 2:00 PM

SBA Disaster Loans

To support affected businesses in the Boyle Heights community, the U.S. Small Business Administration (SBA) announced the activation of the Economic Injury Disaster Loan (EIDL) program.

Since Tuesday, August 18th, the East LA Boyle Heights Business Source Center has served as the SBA's Business Resource Center to assist business owners who were impacted by the warehouse fire in Boyle Heights. The SBA customer service representatives are available to meet individually with business owners and nonprofits to answer questions and assist with the disaster loan application process.

Location: East LA Business Source Center (1780 E. 1st St., Los Angeles, CA 90033)

Hours: Mondays - Fridays, 8 AM – 5 PM

No appointment is necessary, but those who prefer to make an appointment can do so at appointment.sba.gov

The EIDL program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Regulated EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments.

Joint Information Center/Information Management

Joint Information Center

A Joint Information Center (JIC) staffed by cross-jurisdictional public information professionals continues to meet twice weekly for the purpose of providing timely and accurate information on ways to access recovery resources.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is being updated regularly as events are scheduled and resources are secured. It provides links to data and resources provided by private entities and governmental agencies. Materials produced by non-City entities are posted for public information only. Posting does not constitute City verification, adoption, or approval of that information.

A City sub-page highlighting recovery resources for businesses and other private organizations launched August 19th, headlined by an announcement of available SBA loans (see previous RSF #3 section). Other available City and County services are also featured. The new page can be accessed via the main Recovery site or directly here: **Emergency.LACity.gov/BHBusinessRecovery**

Non-Digital Communications

The MyLA311 platform remains a critical avenue for providing multilingual information regarding assistance programs. City ITA reports that weekly call volume has declined in recent weeks from an average of approximately 150 calls per week.
