CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #13

September 11, 2026

Reporting Period: September 5, 2026 - September 11, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

In accordance with Mayor's Emergency Executive Order No.2, the City of Los Angeles Boyle Heights Unified Recovery Command (BHURC) is operating to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, September 5, 2026 through Friday, September 11, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) conducted two events focused on employee resources this week at Boyle Heights City Hall (2130 1st St. Los Angeles, CA 90033). Hours of operations for this past week and next are:

- Thursday, September 10th: 12:00 PM - 5:00 PM
- Saturday, September 12th: 9:00 AM - 2:00 PM
- Wednesday, September 16th: 4:00 PM - 7:00 PM

The CRC's schedule for 9/13 - 9/19 is still being determined at this time.

Community Resource Center Intake		
Date	**# of Households Served**	**Cumulative # of Households Served to Date**
9/10/2026	10	5395
9/4/2026	27	5385
9/2/2026	13	5358

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St., Los Angeles, CA 90023) demobilized on September 8th following the completion of Lineage's decontamination operations, and returned to normal recreation programming, including after school programs.

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Monday, September 14	8:00 AM - 3:30 PM	St. John's Mobile Clinic	Stevenson Middle School | 725 S Indiana St, Los Angeles, CA 90023
Thursday, September 17	10:00 AM - 5:30 PM	St. John's Mobile Clinic	Weingart East LA YMCA | 2900 Whittier Blvd, Los Angeles, CA 90023
Total # of Mobile Clinics Deployed to Date:			**77**

The LA County Department of Public Health (LACDPH) continues to track environmental health concerns and operates a Community Health Complaint Line at 626-430-9821, staffed by Public Health nurses who can assess symptoms and connect residents with medical providers as needed. LACDPH canvassing efforts confirmed that

most residents received the support from Lineage that was offered. LACDPH reported that active trapping visibly improved fly and rodent issues, while odor levels varied by the proximity to Lineage but were anecdotally improving.

Community Outreach

Mayor Karen Bass's Office hosted a virtual recovery community webinar on Tuesday, September 8th from 6:00 PM - 7:00 PM, and in-person viewing was held at Inner City Struggle to ensure accessibility for residents without Zoom access. The webinar featured remarks from Mayor Bass with updates regarding warehouse cleanup and legislative efforts in Sacramento Assembly Bill 817 (AB 817) and Senate Bill 716 (SB 716). AB 817 strengthens local recovery and corporate accountability by requiring facilities like Lineage to establish a contingency fund for affected residents and businesses prior to securing new permits. SB 716 enhances local enforcement by allowing cities and counties to levy substantially higher fines on non-compliant corporations during declared states of emergency.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage completed the final phase of gross decontamination inside the warehouse and SCAQMD inspected the site to confirm completion on September 5th.

Odor Mitigation/Air Quality

Regulatory agencies scheduled a meeting next Thursday (9/17) to review the revised Community Air Monitoring Plan (CAMP) and discuss if any final edits are needed.

SCAQMD continues to monitor daily for compliance with their Order of Abatement for Lineage to reduce odors. Six complaints were received by SCAQMD this week. No new Notices of Violations have been issued to Lineage since Friday, August 28th. See *Attachment C: Enforcement Actions* for a list of total notices issued.

Vector Mitigation

The Los Angeles Bureau of Sanitation (LASAN) maintains an active presence in the surrounding area to perform essential community services, including vector control (such as rat and fly traps), bulky item removal, bin replacement and repair, and pressure washing on an as-needed basis. LASAN is increasing the frequency of fly trap replacement along public rights-of-way beyond the original weekly cadence.

LACDPH continues to conduct inspections at the facility and assess the adjacent community to evaluate fly conditions. While fly activity has decreased, flies are still present resulting in ongoing notice of violations being issued. Lineage continues offering fly traps to residents that request through them their community line which will operate through September 13th.

Water & Wastewater Containment

The one-million gallon water tank has been fully dismantled and removed from the site as of today, September 11th, and removal of remaining storm sheets used on the tank is nearing completion. Runoff capture operations transitioned to four on-site frac tanks and vactor trucks, which successfully captured rain runoff from the past week's rain event. LASAN continues to monitor work and progress.

Storm Preparedness

LASAN requested a new Wet Weather Plan from Lineage outlining measures to ensure no water runoff from the site goes into the storm drain system during any significant rain incidents that may occur in the potential El Nino rain season from October - April. Plugs

remain in place in the underground LID system and vactor trucks and berms will be positioned to ensure that any rainwater that falls on the site does not go into the public storm drains. Storm drains in nearby streets were cleaned in early August, and have now been opened to ensure that rain in the public right of way will not flood local streets.

Hazardous Waste Monitoring

LAFD CUPA conducts site visits to review and monitor hazardous materials and hazardous waste removal activities as needed. LAFD CUPA will be on-site to observe the removal of 400 solar panels from the roof for evidence and investigative purposes. They also requested updates to ensure the lithium batteries, which are wrapped on-site for transport, and the panels are disposed of properly.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the impacted local businesses and workers via **BusinessSource** and **WorkSource Centers** at the following locations:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

East LA BusinessSource Center (in Boyle Heights)

- Location: 1780 East 1st Street, Los Angeles 90033
- Hours of Operation:
  - Monday-Friday: 8:00 AM - 5:00 PM,
  - Saturday: 9:00 AM - 2:00 PM

Small Business Roundtable Meeting- Sept. 21, 2026

The hybrid (in-person and virtual) small business roundtable originally planned for September 8th, has been rescheduled and will now take place on September 21st from 3:30 to 4:30 PM. Designed specifically for business owners affected by the Boyle Heights warehouse fire, the session will offer key updates following up on the prior meeting and will detail local resources available to support impacted businesses. The meeting will take place at the East LA BusinessSource Center (in Boyle Heights).

SBA Disaster Loans

To support impacted businesses in the Boyle Heights community, the Small Business Administration (SBA) activated their Economic Injury Disaster Loan (EIDL) program* and remains deployed at the East LA BusinessSource Center (in Boyle Heights), which serves as the SBA's Business Resource Center. The SBA representatives are available to meet individually with business owners and nonprofits to answer questions and assist with the disaster loan application process.

Location: East LA Business Source Center (in Boyle Heights)
Hours: Mondays - Fridays, 8 AM – 5 PM
Appointments are not necessary, but can be made at appointment.sba.gov

**The EIDL program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Loans feature interest rates capped at 4%, terms of up to 30 years, and a 12-month payment deferment period with no interest accrual. Regulated EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments*

Joint Information Center/Information Management

Joint Information Center

A Joint Information Center (JIC) staffed by cross-jurisdictional public information representatives meets virtually each Thursday to discuss messaging needs and assignments. The JIC's purpose is to provide timely and accurate information on ways to access available recovery resources.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is updated as new information is made available through the RSFs or City agencies coordinating events. It continues to provide links to forms of assistance available to residents and workers by private entities and governmental agencies.

This website and available social media profiles from several departments continue to promote the Community Resource Center at its current location, along with mobile health clinics provided by private health organizations in the area, and periodic webinars and town halls.

Non-Digital Communications

The MyLA311 platform provides multilingual information regarding assistance programs.
