CITY OF LOS ANGELES
EMERGENCY MANAGEMENT DEPARTMENT

Boyle Heights Unified Recovery Command Weekly Report #11

August 28, 2026

Reporting Period: August 22, 2026 - August 28, 2026

Incident Overview

On June 17, 2026, a fire ignited at a Boyle Heights cold storage warehouse operated by Lineage Logistics, and continued to burn for eight days. The blaze consumed the solar-paneled roof, raising concerns regarding the off-gassing of hazardous materials. The State of California declared a State of Emergency on June 20, 2026; Los Angeles County and the City of Los Angeles subsequently proclaimed their own local emergencies. Although the fire was officially knocked down on June 24, ongoing collaborative actions continue to facilitate a safe recovery for the local community. In response, Mayor Karen Bass issued three Executive Orders to undertake measures to ensure public safety and expedite the recovery process.

In accordance with Mayor's Emergency Executive Order No.2, the City of Los Angeles Boyle Heights Unified Recovery Command (BHURC) is operating to coordinate the recovery process. The BHURC continues to execute recovery operations under a Recovery Support Function (RSF) framework in accordance with the National Disaster Recovery Framework (NDRF), and has three active RSFs:

- RSF 1: Community Assistance Recovery
- RSF 2: Infrastructure Systems Recovery
- RSF 3: Economic Recovery

This Weekly Report provides BHURC updates from Saturday, August 22, 2026 through Friday, August 28, 2026.

Disclaimer: This report reflects information available as of the reporting period stated above and is subject to change as recovery efforts continue. Nothing in this report constitutes an admission or final determination regarding the cause of the incident, liability, or the identity of Responsible Parties. The City reserves all rights regarding cost recovery, abatement, and enforcement.

Community Assistance Recovery Support Function (RSF #1)

Community Resource Center Status

The **Community Resource Center** (CRC) remains open at Boyle Heights City Hall (2130 1st St. Los Angeles, CA 90033). Current and anticipated hours of operations are:

- Friday, August 28th: 11:30 AM - 3:00 PM
- Monday, August 31st: 11:30 AM - 3:00 PM
- Wednesday, September 2nd: 11:30 AM - 3:00 PM
- Friday, September 4th: 2:00 PM - 7:00 PM
- Tuesday, Thursday, Saturday, & Sunday: CLOSED

Community Resource Center Intake		
Date	**# of Households Served**	**Cumulative # of Households Served to Date**
8/28/2026	22	5337
8/26/2026	45	5315
8/24/2026	10	5270
8/21/2026	5	5260

Relief Center Status

The Pecan Recreation Center (145 S. Pecan St., Los Angeles, CA 90023) continues to remain open to the community as a Relief Center from 10:00 AM - 5:00 PM daily.

Mobile Health Clinic Resources and Public Health Information

Mobile Health Clinics are accessible to residents living in the area or otherwise impacted by the fire at the following locations and times for the upcoming week:

Date	Time	Provider	Location
Friday, August 28	9:00 AM - 4:00 PM	Comprehensive Community Health Centers	Robert Louis Stevenson Branch Library | 803 Spence St, Los Angeles, CA 90023
Monday, August 31	9:00 AM - 3:00 PM	Kaiser Permanente	Iglesia Bautista Park Vista 4200 Michigan Ave., Los Angeles , CA 90063
Friday, September 4	10:00 AM - 5:30 PM	St. John's Mobile Clinic	Food 4 Less 1203 Calada St., Los Angeles, CA 90023
Total # of Mobile Clinics Deployed to Date:			**73**

The LA County Department of Public Health (LACDPH) continues to track environmental health concerns and operates a Community Health Complaint Line at (626) 430-9821, staffed by Public Health nurses who can assess symptoms and connect residents with medical providers as needed. Canvassing efforts were temporarily paused this week however, due to extreme heat impacting working conditions. LACDPH continues to maintain on-site staffing at Salazar Park and Boyle Heights City Hall.

Community Outreach

Mayor Karen Bass' Office hosted a recovery community webinar on Thursday, August 27th, at 6:00 PM. Webinar topics included the latest on the Lineage cleanup efforts and resources available to residents and small businesses. At the request of the Mayor's Office, the Civil, Human Rights and Equity Department (CHRED) also hosted a project scoping meeting on Wednesday, August 26th, at 3:00 PM, to initiate efforts to address environmental justice issues as directed by Emergency Executive Order No. 1. The Mayor's Office is currently reviewing the Environmental Justice Report and a Citywide Industrial Use Report developed by the City Planning Department and Department of Building and Safety to assess the need for future policy.

Council District 14 (CD14) also hosted its first virtual Community Resource Working Group meeting on Friday, August 21st, at 9:30 AM. The meeting was held in collaboration with local community-based organizations (CBOs), including Proyecto Pastoral, Centro de Ayuda, and East LA YMCA. Proyecto Pastoral is providing food distribution, rental assistance, and utility assistance. In addition, the LA County Department of Mental Health and Proyecto Pastoral are holding a 10-week series of behavioral and mental health sessions for families impacted by the fire. Centro de Ayuda is providing rental and utility assistance (limited to residents with small children and elderly adults), while East LA YMCA is providing food distribution including home deliveries.

Infrastructure Systems Recovery Support Function (RSF #2)

Waste Management

Lineage reports that approximately 98%* of food waste has been removed from the site as of the date of this report. The City has not independently verified this figure. Once food waste is completely removed from Freezer 1, the final phase of gross decontamination will commence.

Hauling operations continued without reported interruption during this reporting period, with a reduction in the number of loads as cleanup efforts now approach final stages of removing waste.

Odor Mitigation/Air Quality

Comments on the latest Community Air Monitoring Plan (CAMP) were forwarded to Onterris, Inc., necessitating minor revisions. These updates are currently being coordinated with Lineage and the revised CAMP is expected by next week in preparation for the upcoming Los Angeles County Department of Public Health Environmental Meeting. SCAQMD advised Lineage to notify the local community regarding the potential for increased odors resulting from pressure washing activities once gross decontamination begins.

SCAQMD continues to monitor daily for compliance with its Order of Abatement requiring Lineage to control odorous waste. SCAQMD continues to support mitigation measures in the impacted area and continues to issue Notices of Violations to Lineage. See *Attachment C: Enforcement Actions* for a list of total notices issued.

Vector Mitigation

The Los Angeles Bureau of Sanitation (LASAN) maintains an active presence in the surrounding area to perform essential community services, including vector control (such as rat and fly traps), bulky item removal, bin replacement and repair, and pressure washing on an as-needed basis.

LACDPH continues to issue citations to Lineage for fly breeding conditions and continues to monitor the impacted areas. LACDPH is still awaiting updates to Lineage's vector plan to include locations and increased numbers of fly mitigation measures being implemented in the community, as requested.

**Lineage returned to a standard percentage out of 100 to avoid confusion - the current reported percentage has been adjusted according to a visual estimation of completion, whereas previously it was measured by food tonnage removed out of reported total stored prior to the fire and therefore, exceeded 100% due to added weight of water in removed food waste slurry.*

Water & Wastewater Containment

LASAN continues to treat water from the storage tank on an as-needed basis. To ensure compliance, LASAN maintains a daily presence on the perimeter to monitor Municipal Separate Storm Sewer System (MS4) water runoff.

Discharge operations for the on-site captured water tank concluded prior to this reporting period. As of the date of this report, the water level in the tank is approximately 194,000 gallons. To date, the total cumulative volume discharged remains slightly below 1 million gallons. The Greater Los Angeles Vector Control District continues to monitor the tank for mosquito mitigation and SCAQMD continues to monitor the water tank for odors.

Traffic Control

The City of Los Angeles Emergency Management Department (EMD) and LADOT requested that Lineage continue to monitor for traffic issues that could impact residents and businesses.Traffic control measures continue to be implemented by Lineage's contractor under the Traffic Control Plan reviewed by LADOT, with City agencies and LADOT monitoring for additional issues. No impacts or issues were reported during this reporting period.

Hazardous Waste Monitoring

LAFD CUPA conducts site visits to review and monitor hazardous materials and hazardous waste removal activities as needed.

Economic Recovery Support Function (RSF #3)

Local Economic Resources

The Community Investment Department (CID) continues to provide services for the local businesses and workers via **BusinessSource** and **WorkSource Centers**. Impacted Boyle Heights business owners and workers may find resources at:

Boyle Heights WorkSource Center

- Location: 1505 East 1st Street, Los Angeles CA 90033
- Hours of Operation: Monday-Friday, 9:00 AM - 5:00 PM

Boyle Heights BusinessSource Center

- Location: 1780 East 1st Street, Los Angeles 90033
- Hours of Operation:
    - Monday-Friday: 8:00 AM - 5:00 PM,
    - Saturday: 9:00 AM - 2:00 PM

Countywide Coordination

The Community Investment Department (CID) met directly with the LA County Department of Economic Opportunity (DEO) to coordinate the forthcoming recovery fund for impacted businesses. Once funding is made available, CID will collaborate closely with the DEO to vet applications. The DEO has also engaged AidKit to manage the application portal and oversee grant disbursements. Additionally, CID is collaborating with the DEO regarding a Shop Local LA campaign for the Boyle Heights community, with further details expected in the coming weeks.

SBA Disaster Loans

To support impacted businesses in the Boyle Heights community, the Small Business Administration (SBA) activated its Economic Injury Disaster Loan (EIDL) program and remains deployed at the East LA Boyle Heights BusinessSource Center, which serves as the SBA's Business Resource Center. The SBA customer service representatives are available to meet individually with business owners and nonprofits to answer questions and assist with the disaster loan application process.

Location: East LA Business Source Center (1780 E. 1st St., Los Angeles, CA 90033)

Hours: Mondays - Fridays, 8 AM – 5 PM

No appointment is necessary, but those who prefer to make an appointment can do so at appointment.sba.gov

The EIDL program provides low-interest, long-term working capital of up to $2 million for small businesses, agricultural cooperatives, and most private nonprofits impacted by declared disasters. Loans feature interest rates capped at 4%, terms of up to 30 years, and a 12-month payment deferment period with no interest accrual. EIDL funds are restricted to essential operational costs the business would have otherwise covered, including payroll, rent, utilities, healthcare benefits, and fixed debt payments.

Joint Information Center/Information Management

Joint Information Center

A Joint Information Center (JIC) staffed by cross-jurisdictional public information professionals continued to meet twice weekly during this reporting period; frequency will be reduced to once a week starting in September. The JIC's purpose is to provide timely and accurate information on ways to access recovery resources.

Centralized Website

The City of Los Angeles **Boyle Heights Recovery** website is being updated regularly with different resources as they become available and as events are scheduled. It provides links to forms of assistance provided by private entities and governmental agencies. A sub-page highlighting **recovery resources for businesses** and other private organizations is also available.

Using this dedicated Recovery website and available social media profiles from several departments, the JIC continued to broadly promote the Community Resource Center at its current location, along with mobile health clinics provided by private health organizations in the area. Through the Mayor's Office, the same updates are being pushed out to area residents and businesses using direct texts and a WhatsApp channel.

Emergency.LACity.gov/BHBusinessRecovery

Non-Digital Communications

The MyLA311 platform remains a critical avenue for providing multilingual information regarding assistance programs. Call volume continues to decrease, from a high of ~200 per week to now averaging 8-10 calls per week.
